

Form 1 Development Application

idas

Disturbance of marine plants; and building or operational works within a declared Fish Habitat Area

PART O₂

Completion of all applicable questions on Part O₂ is mandatory for all applications involving the disturbance of marine plants, and building or operational works within a declared Fish Habitat Area. For further information refer to [Guide 20](#) or go to www.dpi.qld.gov.au

<p>Nature of the development)</p> <p>All marine plants are protected, irrespective of the tenure of the lands on which they grow. Marine plants are defined in section 8 of the <i>Fisheries Act 1995</i> and include mangroves, salt couch, seagrass, saltmarsh species and algae.</p> <p>Any works proposed within a declared Fish Habitat Area must first obtain approval for the allocation of the resource from the Department of Primary Industries and Fisheries (DPI&F).</p> <p>Resource allocation forms are available through DPI&F offices and the DPI&F website at www.dpi.qld.gov.au.</p> <p>Where DPI&F is the assessment manager for an application, the resource allocation and IDAS development application can be assessed concurrently.</p>	<p>1. This application is for: <i>(tick applicable box/es)</i></p> <p><input checked="" type="checkbox"/> (i) the removal, damage or disturbance of marine plants;</p> <p><input type="checkbox"/> (ii) operational work within a declared Fish Habitat Area¹ as defined in the <i>Fisheries Regulation 1995</i> – a Resource Allocation Authority must be obtained prior to lodgement of this application. Please provide the Resource Allocation Authority reference number below or submit a completed Resource Allocation Authority application form with this application;</p> <div style="border: 1px solid black; height: 15px; width: 100%;"></div> <p><input type="checkbox"/> (iii) building work within a declared Fish Habitat Area¹ as defined in the <i>Fisheries Regulation 1995</i> – a Resource Allocation Authority must be obtained prior to lodgement of this application. Please provide the Resource Allocation Authority reference number below or submit a completed Resource Allocation Authority application form with this application.</p> <div style="border: 1px solid black; height: 15px; width: 100%;"></div>
<p>Details of the proposed disturbance and/or works</p> <p>Plans and written information are required to accompany development applications for the disturbance of marine plants and/or work in a declared Fish Habitat Area.</p> <p>Applications are assessed against fisheries legislation and policies.</p>	<p>2. Confirm, by ticking the applicable box(es) that the following details are provided in plans and written details accompanying this application</p> <p><input checked="" type="checkbox"/> (i) details of the purpose of the proposed disturbance and/or works <i>(e.g. public jetty, private jetty, boat ramp, pontoon, revetment, board walk, etc.)</i></p> <p><input checked="" type="checkbox"/> (ii) a scaled site plan of the proposed disturbance <i>(including dimensions & GPS points)</i> showing the location, areas of impact and adjacent area in relation to –</p> <ul style="list-style-type: none"> <input checked="" type="checkbox"/> easily identifiable features <i>(i.e. roads, road intersections, waterway names, bends in the waterway etc.)</i>; <input checked="" type="checkbox"/> Real Property (RP) boundaries adjacent to and in the vicinity of the proposed disturbance and/or water area; <input checked="" type="checkbox"/> the location, extent, nature and dimensions of the area proposed to be disturbed and the locations, extent, nature and dimensions of any associated disturbance areas <i>(e.g. access paths, construction areas, moorings etc.)</i>; <input checked="" type="checkbox"/> the location and extent of Highest Astronomical Tide (HAT), Mean High Water Springs and Mean Low Water Springs levels, by reference to easily identifiable fixed points; <input checked="" type="checkbox"/> the location of all waterway features within the development area including creeks, drainage lines, lagoons, marshes etc.; <input checked="" type="checkbox"/> the location and extent of any existing disturbances, structures, improvements, fill etc within, adjacent to, or associated with the proposed disturbance and/or works. <p><input checked="" type="checkbox"/> (iii) a description of the fish habitats proposed to be impacted <i>(i.e. sand banks, mud banks, seagrass, mangroves, salt couch, rocky shore etc.)</i>;</p> <p><input checked="" type="checkbox"/> (iv) a description of the marine plants proposed to be disturbed <i>(e.g. number, type, height, area, density, health etc.)</i>;</p> <p><input checked="" type="checkbox"/> (v) a description of the method of works <i>(e.g. equipment to be used)</i>;</p> <p><input checked="" type="checkbox"/> (vi) a description of the past uses and/or disturbances of the development site.</p>

¹ Plans of declared Fish Habitat Areas are available from DPI&F or through the DPI&F website at www.dpi.qld.gov.au

Justification for the proposed disturbance
 Justification for the proposed disturbance is required to accompany applications for the disturbance or marine plants and/or works within a declared Fish Habitat Area.

3. Confirm, by ticking the applicable box(es) that the following details are provided in plans and written information accompanying this application:
- (i) justification for the proposed disturbance and/or works to be undertaken;
 - (ii) a detailed description of the alternatives considered in order to reduce impacts to marine plants and fish habitat *(i.e. alternative designs, locations, setbacks/buffer distances etc.)*;
 - (iii) any on-site mitigation actions proposed to prevent the proposed disturbance and/or works contributing to fish habitat degradation, in and adjacent to the development area, during and after the development;
 - (iv) a description of off-site compensation actions proposed to compensate for any permanent loss of marine plants or fish habitats *(e.g. any proposed rehabilitation or restoration of marine plants, land swap options, fish habitat research contribution etc.)*;
 - (v) extent of any future maintenance works required for the continued safe operation of the proposed structure or facility *(e.g. trimming of regrowth of marine plants, maintenance dredging)*;
 - (vi) any other justification and supporting information for the proposed disturbance and/or works.

PLEASE NOTE: PART O₂ of this form cannot be accepted by the assessment manger unless accompanied by PART A of the form.
 The assessment manager may refuse to accept an application that, at the time of lodgement, fails to provide all applicable information requested by Part A and any other relevant part of Form 1.

OFFICE USE ONLY *(applicable to assessment manager)*
