

APPLYING FOR A MARITIME SECURITY IDENTIFICATION CARD

ABOUT THE PORT OF BRISBANE

Queensland's largest multi-cargo port and one of Australia's fastest growing ports, the Port of Brisbane facilitates significant trade and economic growth for the State in a responsible, social and environmentally sustainable manner.

What is an MSIC

The Maritime Security Identification Card (MSIC) is a nationally recognised identification card which confirms that the holder has met the minimum background checking requirements to work unescorted in a maritime and/or offshore security zone. An MSIC is not an access control card, and possession of an MSIC does not provide the right of entry to any facility within a maritime security zone.

Access to maritime security zones are managed by the Maritime Industry Participant (MIP), or the facility operator.

Port of Brisbane Pty Ltd, on behalf of the Department of Home Affairs, is approved to issue MSICs.
